Incomplete Pattern

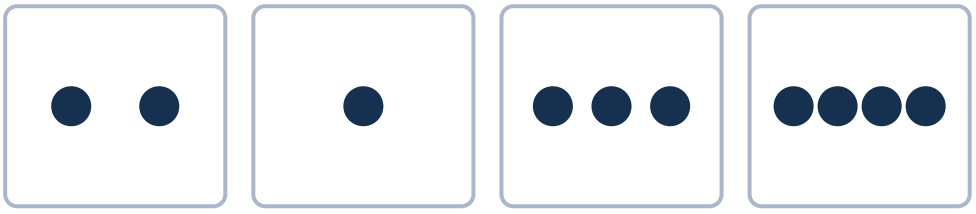

A dedicated worksheet for the **Incomplete Pattern** reasoning puzzle type — identified as a gap against the school's own syllabus. Each puzzle shows a 3×3 grid of figures that follow the same rule along every row; work out the rule from the two complete rows, then find the figure that completes the pattern. 15 questions, 4-option MCQ, untimed.

Q1.

Dot count pattern

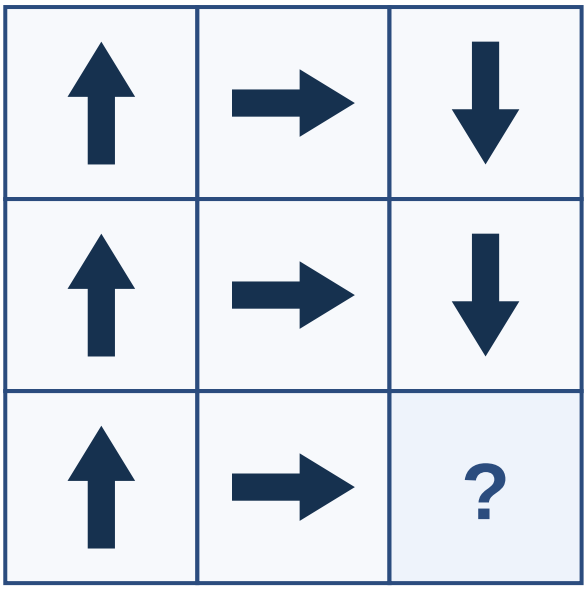

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

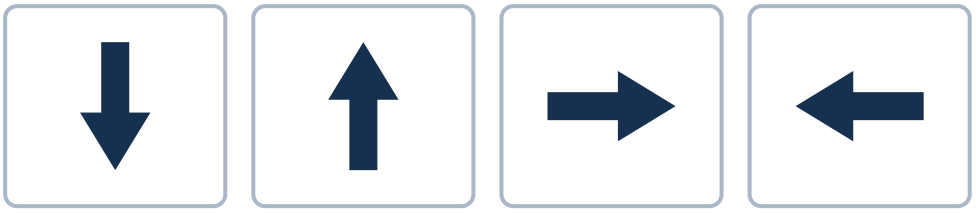

Q2.

Arrow rotation pattern

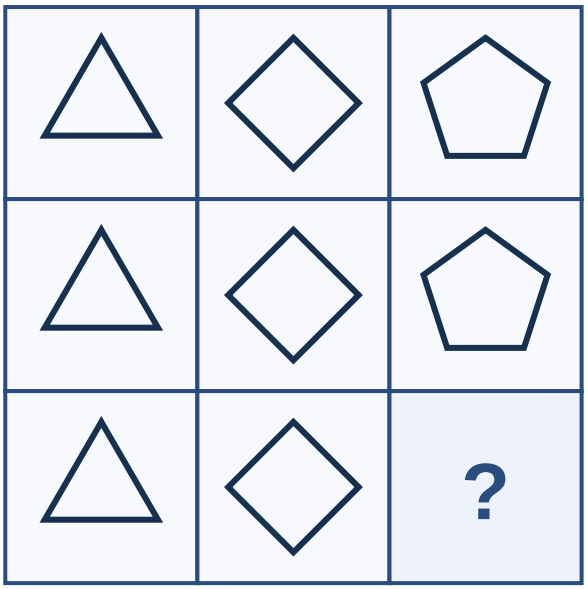

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

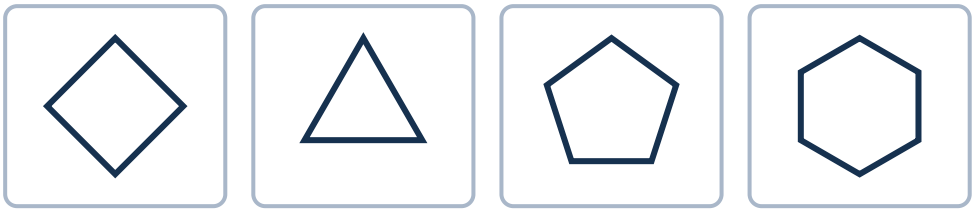

A **B** **C** **D**

Q3.

Number-of-sides pattern

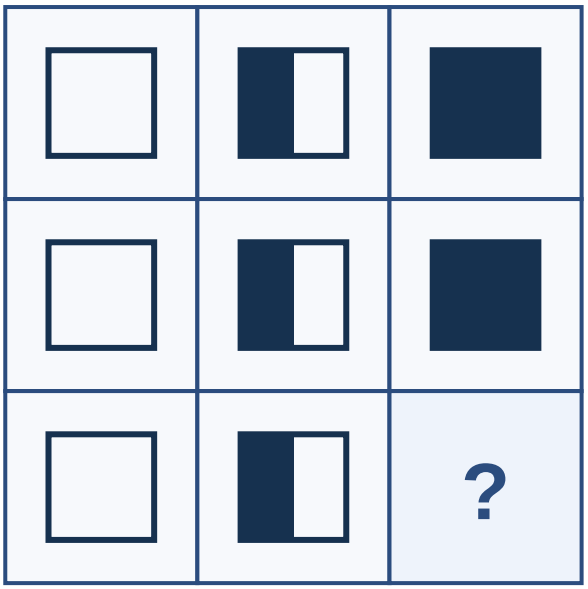

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

A **B** **C** **D**

Q4.

Shading pattern

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

A **B** **C** **D**

Q5.

Star count pattern

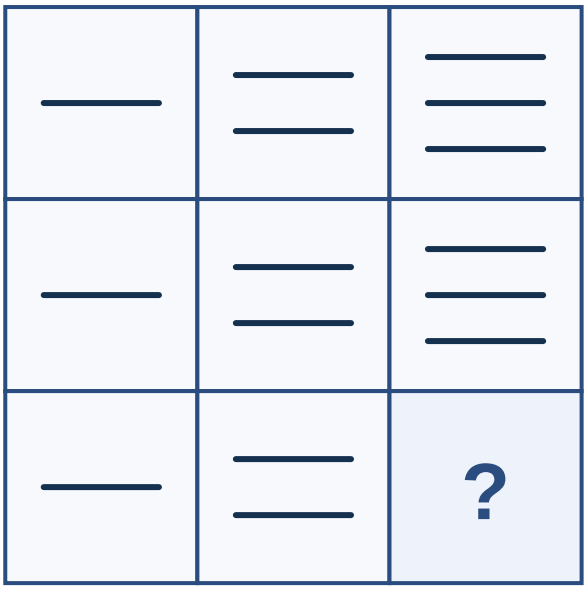

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

A **B** **C** **D**

Q6.

Line count pattern

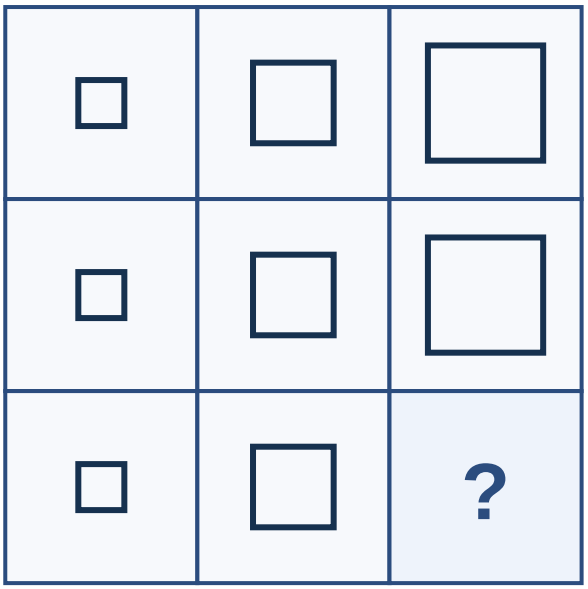

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

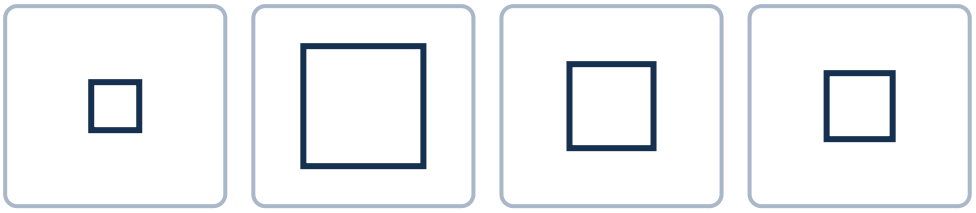

Q7.

Growing square pattern

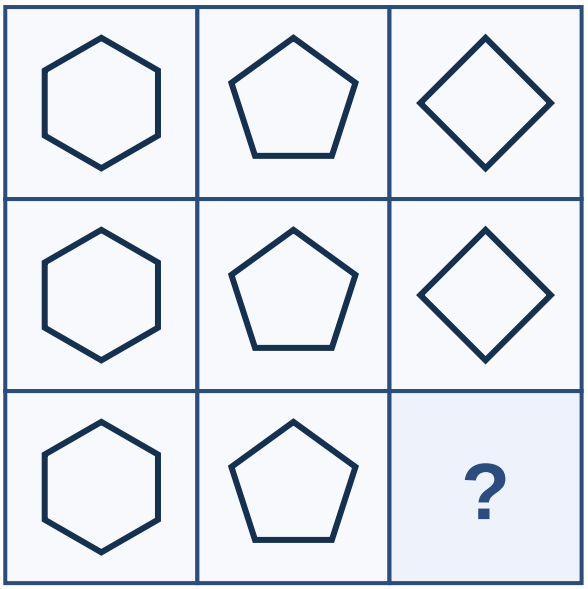

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

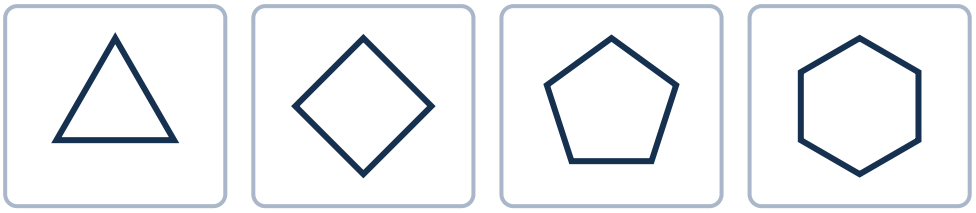

A **B** **C** **D**

Q8.

Number-of-sides pattern (shrinking)

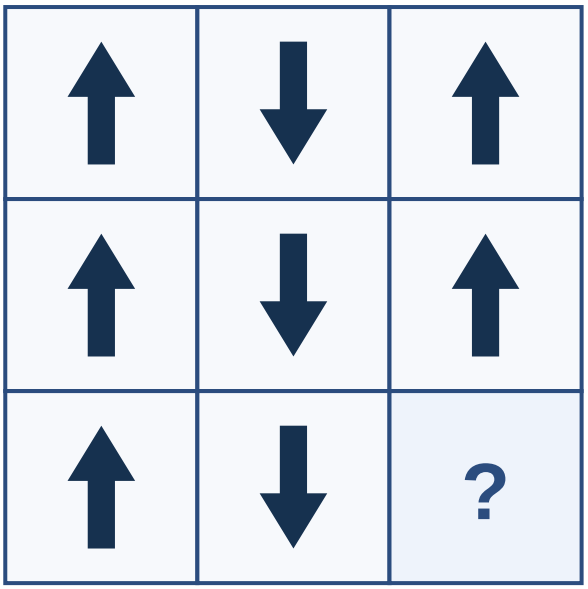

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

A **B** **C** **D**

Q9.

Arrow alternating pattern

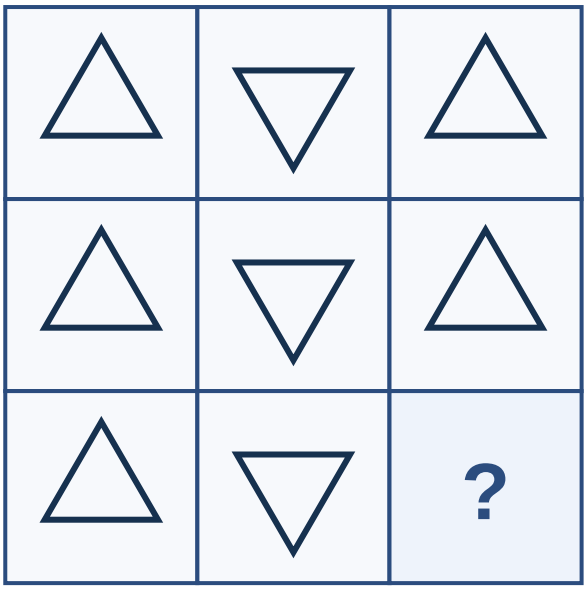

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

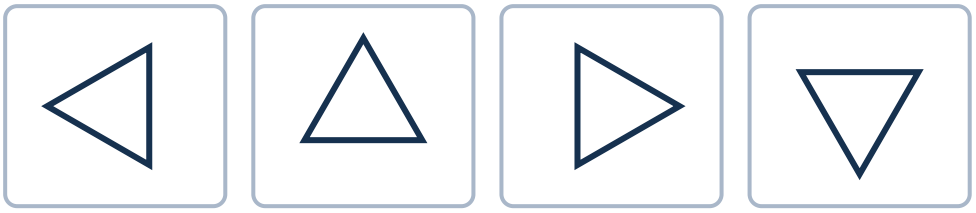

A **B** **C** **D**

Q10.

Triangle alternating pattern

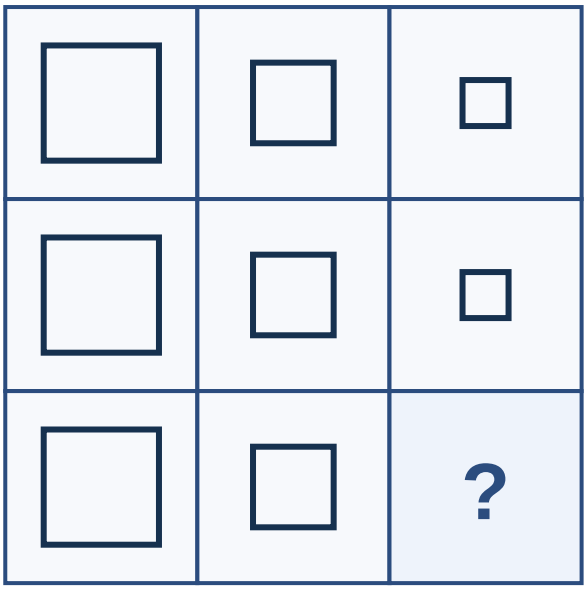

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

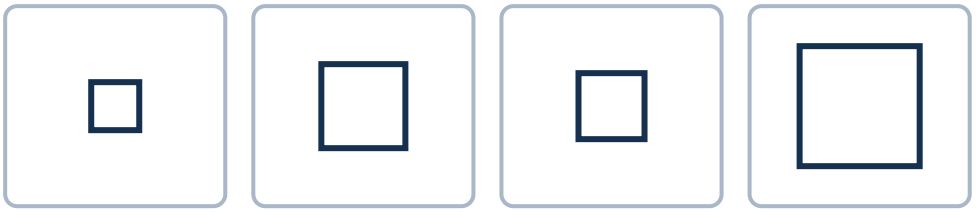

A **B** **C** **D**

Q11.

Shrinking square pattern

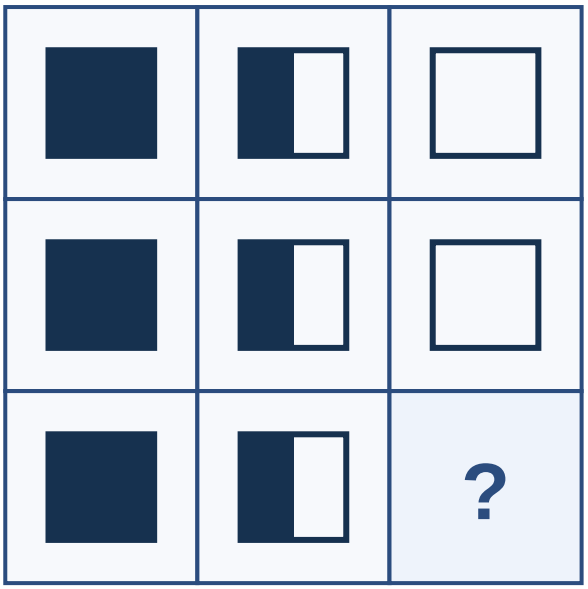

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

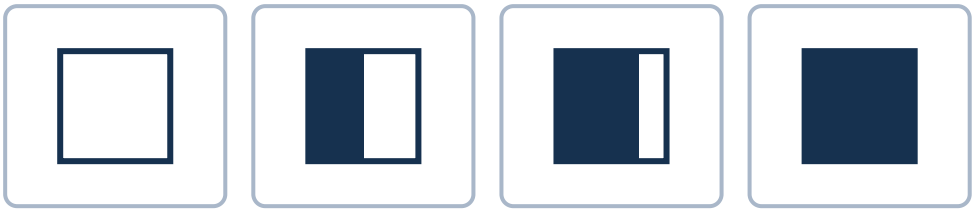

A **B** **C** **D**

Q12.

Shading pattern (fading)

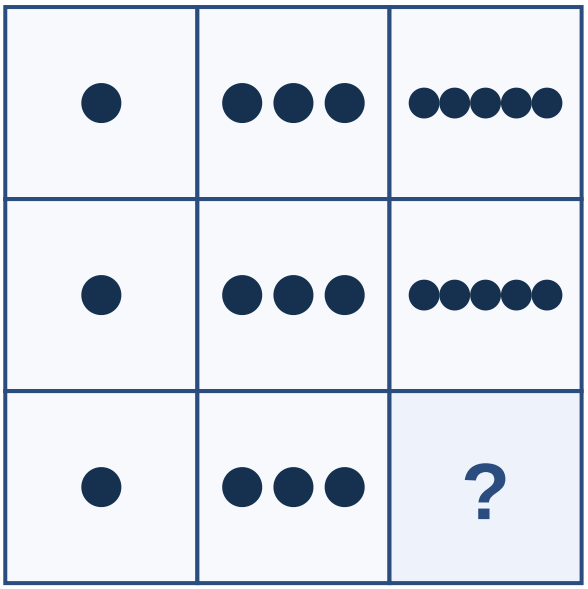

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

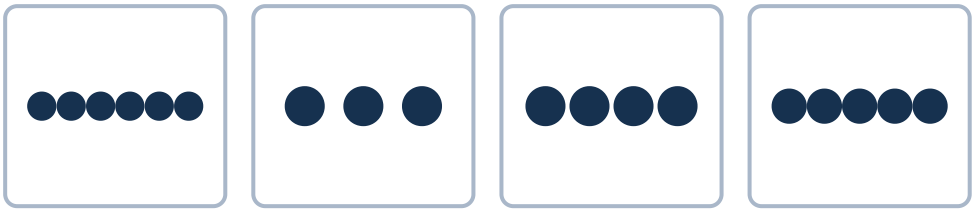

A **B** **C** **D**

Q13.

Dot count pattern (step of 2)

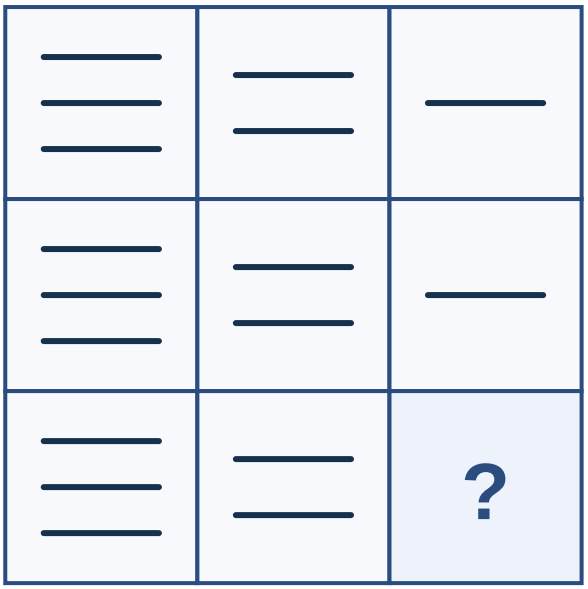

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

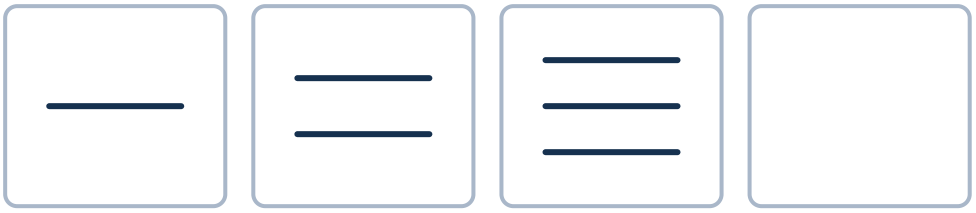

A **B** **C** **D**

Q14.

Line count pattern (shrinking)

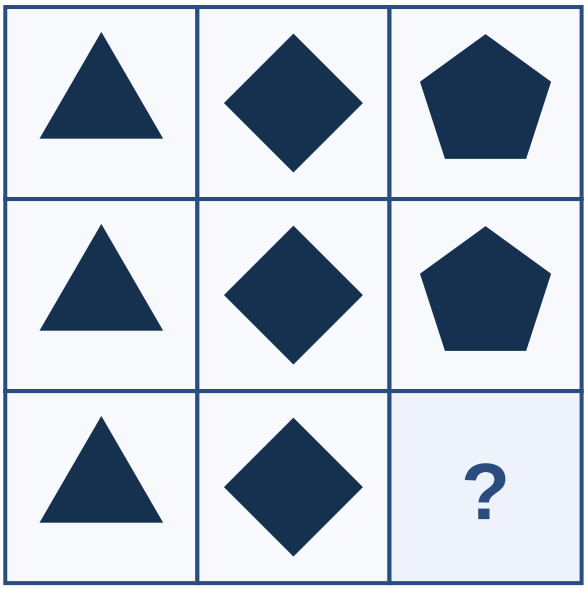

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?

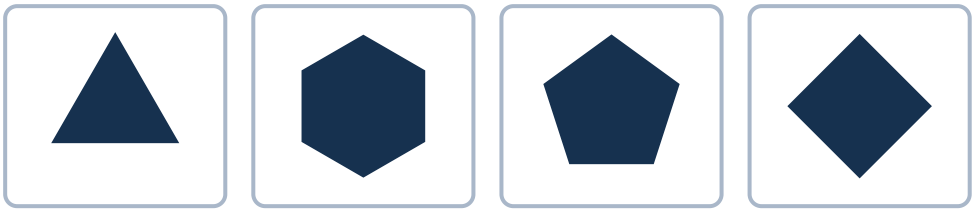

A **B** **C** **D**

Q15.

Number-of-sides pattern (filled)

Look at the pattern in the 3×3 grid above.
Which option (A–D) replaces the '?' to complete it?
