# Achievers — Level 2 (Multi-Step HOTS)

A dedicated harder follow-on to Week 11's Achievers set, for students who've qualified Level 1 and are prepping for Level 2. Every question needs two or more genuine reasoning steps — working backwards, combining two facts, or solving for an unknown before using it. 15 questions, 4-option MCQ, untimed. Give yourself real thinking time; this is meant to be harder than anything in the core 12-week plan.

---

**Q1.** A number is first divided by 4, then 15 is added to the result, giving 27. Find the original number. A) 44 B) 46 C) 48 D) 50
